Albert Oliva Venereo

Madrid, Spain
33 years old
albert.oliva@gmail.com

I started as FreeBSD administrator and PHP programmer at the age of fiveteen. At the age of eighteen I started my career as mixed profile between systems and programming. Most of my experience come from my freelance time and bussiness I have been working on. I consider myself as a polyglot programmer.

Experience

Ruby on Rails Developer
enkilabs · Freelance

Sep 2020 - Present
Remote 100% - Part time

I have created my own RoR agency with versions 5 and 6, you can visit it in www.enkilabs.site and I'm working on my own pet projects www.jombo.es, www.enkimail.com.
